Advanced Concrete Screeds Acquires Advanced Concrete Tools

Black Beauty & Silver Beauty power screeds get new life

Bonifay, Florida, January 5, 2018-----Advanced Concrete Screeds, LLC is pleased to announce that it has purchased the assets of Advanced Concrete Tools Company, Inc. (ACT) and is now manufacturing the Black Beauty Power Screenshot, Silver Beauty Power Screenshot, and the Equilateral Screenshot Bars used by these two tools.

The Black Beauty and Silver Beauty are exceptional concrete power vibratory screeds designed to provide the professional concrete contractor with years of superior performance.

Advanced Concrete Screeds has already made a few small quality improvements to the tools to enhance their durability.

We have taken several steps immediately to insure that we will have Black Beauty and Silver Beauty products in stock and be able to promptly fill orders from our Dealers. Production of Black Beauties, Silver Beauties, and the Equilateral Screenshot Bars has been increased and inventories of component parts and finished products are already in good shape. By January 15th we will have sufficient inventory to very promptly fill all Dealer orders.

All of our tools are sold through our Dealer network. As such it is our goal to provide exceptional product delivery and support to our Dealers.

Advanced Concrete Screeds, LLC

###

If you would like further information about the Black Beauty or Silver Beauty Power Screenshot please contact sales@advancedconcretescreeds.com.
